

ECHO NCR 2026

Theme: Echocardiography At The Heart of Clinical Decision-Making

Echo NCR 2026 a resounding success

The Academy of Echocardiography NCR chapter organized its annual meeting “Echo NCR 2026” on 22nd February at the India Habitat Center, New Delhi.

The meeting turned out to be highly successful, with an enthusiastic participation from the faculty, delegates and the support team alike. More than 200 delegates attended the meeting and participated in knowledge sharing. All the senior members of the Academy graced the occasion with their presence and shared their wisdom.

The scientific content was appreciated by everyone. The program included case study competition, case presentations from faculty, theme-based sessions and a fun-filled and highly informative echocardiography quiz for the delegates. The emphasis of the program was on integrating echocardiography in day-to-day clinical management. There were also special sessions on role of cardiac MRI in heart failure and on upcoming therapies.

Case study competition

Five interesting cases were presented by our delegates. Dr Jasleen Kaur and Dr Monisha Sharma were declared joint winners and were awarded a cash prize of Rs 5000/- each. Our congratulations to both the winners and compliments to all the other participants.

Delegates Quiz

The meeting also included an echocardiography quiz for delegates. It was highly informative and enjoyable experience for all the participants.

Dr Gautam Kumar Gaurav, Dr K Hariharan and Dr Seema Kale were the winners and received cash prizes of Rs 10000/-, Rs 7000/- and Rs 5000/- respectively.

The meeting was supported by educational grants from Novartis, GE Healthcare, Bayer, Samsung, Philips and Esaote. We thank them and appreciate their support.
